Subject: Additonal Funding for Dimock

Good Afternoon Mikal,

The funding package you left with me will need to be revised because we are now in a new contract - EP-S3-12-01 so this will be the new Task Order. I will need the following:
following would be needed:

- EPA Form 1900-59 Delivery Order
- SOW (not a revised one)
- Funded PR in EAS

- IGCE (must be for the current amount needed not total amount)

You submitted the CBI review and the Statement of Work Certification

I will leave the package you submitted on my desk, please pickup and submit one for a new task order.

If I am not available please do not leave on my desk, submit to the CO, John Robb
